

WATCH OUT FOR

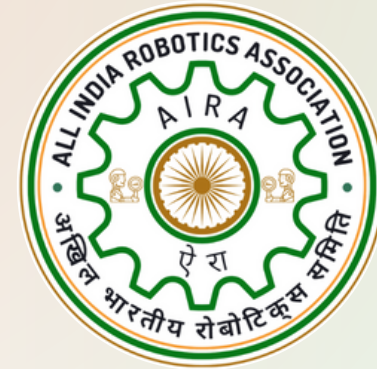

- India's National Strategy on Robotics, assisted by AIRA
- BotFest - a celebration of robotics, conceived and hosted by AIRA in February 2025
- India Pavilion at Consumer Electronics Show 2025, featuring India's robotic products
- BotLetter - a daily robotics newsletter curated by AIRA

With Robotics,
sustainable abundance for all
is an achievable dream

If you are interested in working with us to enable the world of robotics, we'd love to work with you

All India Robotics Association

IMPACT REPORT

OCTOBER 2024

Enabling Robotics

— Empowering Life —

Our Mission

All India Robotics Association (AIRA) enables robotics by fostering education, innovation, and collaboration between governments, industry, academia, and innovators.

Our Initiatives

AIRA envisions and develops initiatives to address specific needs of specific stakeholders in the robotics ecosystem.

BOTLAB

Labs at educational institutions to facilitate learning & research

BOTMEET

Community meetings hosting founders, students, enthusiasts

BOTSKILL

Industry ready skilling program to increase talent pool

BOTCAST

Podcast featuring founders, innovators, products, facilities, regulators and more

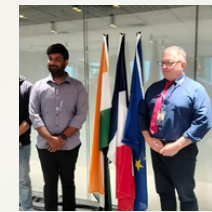

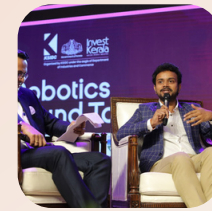

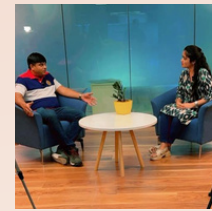

BOTSOCIAL

Restricted, informal gathering of founders and influencers

... other initiatives which will be announced soon

Each initiative enables a specific aspect of the robotics ecosystem, eventually building a whole that's greater than the sum of its parts

AIRA's IMPACT REPORT - Oct '24

Government Engagement

Assisted with TG Robotics Policy Framework. Currently assisting multiple state and national governments on policy advocacy and capacity building programs

Academia Engagement

Setup BotLabs in multiple colleges. Currently setting up Labs, Skilling Programs, and Startup programs with colleges across India, Vietnam, and Malaysia

Industry Engagement

Setting up a Center of Excellence at Hyderabad Airport with GMR Group to facilitate robotics development focused on aerospace. Establishing partnerships with product, service and facilities vendors to enable great deals for startups

Startup Engagement

- Hosted community building events including BotMeets, BotSocials to bring the startup community together in Hyderabad and Kerala. Now expanding these initiatives to other cities.
- Led a startup delegation to CES '24. Planning delegations for CES and Automate '25.
- Featured innovators and startups on multiple digital and offline stages helping them showcase their stories and win awards.
